YOUTH VOICE BOARD - OVERVIEW

To us, **youth participation means that children and young people have every opportunity to take part, be heard, and see real change in the decisions that affect them.**

This means that every child and young person has the right to express themselves and have their views considered in everything that affects them.

Meaningful participation benefits everybody.

We can learn so much from you, your participation can help us identify new opportunities and shape our way of thinking for years to come.

It means even more impactful youth services and opportunities for you, your friends, and every other young person in your community and beyond.

We're looking for young people to join Regenerate's first **Youth Voice Board** to have their say and get creative in order to help us shape our services, influence local policy, and raise awareness about our work.
